

## **Women and Mathematics: Differential Geometry**

**March 10, 2018, Saturday, IMBM Seminar Room**

Program:

**10:00-11:00** Julie Rowlett, *Positive and negative isospectrality results, or, what can and cannot be heard?*

**11:00-11:30** Tea Break

**11:30-12:30** Wendy Goemans, *On surfaces in Euclidean and Lorentz-Minkowski 4-space and in particular double rotational surfaces*

**12: 30-14:00** Lunch Break

**14:00-15:00** Maria del Carmen Romero Fuster, *Stable Maps from a global viewpoint*

**15:00-15:30** Tea Break

**15:30-16:30** Handan Yıldırım, *On Chen's invariants and their applications*

## **Kadın ve Matematik: Diferansiyel Geometri**

**10 Mart 2018, Cumartesi, IMBM Seminar Odası**

Program:

**10:00-11:00** Julie Rowlett, *Positive and negative isospectrality results, or, what can and cannot be heard?*

**11:00-11:30** Tea Break

**11:30-12:30** Wendy Goemans, *On surfaces in Euclidean and Lorentz-Minkowski 4-space and in particular double rotational surfaces*

**12: 30-14:00** Lunch Break

**14:00-15:00** Maria del Carmen Romero Fuster, *Stable Maps from a global viewpoint*

**15:00-15:30** Tea Break

**15:30-16:30** Handan Yıldırım, *On Chen's invariants and their applications*
